CHAIN

Chain is a wonderful design element.

Chain has a timeless look. Chain is great for chokers, bracelets, necklaces, lariats and can be worn as a single chain or doubled up for a chunkier look.

The chain we sell is designed by hand. Each link is joined individually and not machined. The personal attention to the manufacturing ensures this chain is solid and durable. The finished chain is treated with an anti-tarnish so it keeps its luster.

Wear this chain as is or add a new clasp and some charms. Get creative!
