

Knitting Spools

KNITTING SPOOLS WITH STYLUS

Reinvent an age old tradition by using Soft Flex® on a Knitting Spool.

A timeless tradition that many will recall learning as a child has returned. The knitting spool you may have used with yarn or thread as a youngster has been reimagined for wire weaving. Try knitting using Soft Flex® Craft Wire, Soft Flex® Beading Wire as well as thread, cord, yarn, leather, etc. You can add beads. You can weave multiple and different materials together and create unique, one-of-a-kind, bracelets and necklaces. Not only are there three different styles of knitting spools available (3-peg, 4-peg and 5-peg), but there are several different ways to knit on each spool. *Made in the USA* 🇺🇸

Note: The Knitting Spool works with copper or sterling silver wire, gauges 24-28. Any of our 4 diameters of beading wire can be knitted.

Knitting Spools with Stylus

Pin Count	Spool Size	Stylus Size	Product ID #	Suggested Retail Price
3	3"h x 1.5"w	5"h	BB-KS3	\$18.95
